

## ABSTRACT

To output music other than original music, which is suitable to keep a player excited, in the place of a part of 5 the original music, such as a beginning or ending thereof, which is unsuitable to serve as game music. When main part end timing TE arrives while outputting original music M01, connection music MI2, correlated with original music M02, which is next game music, begins playing. Subsequently, when original music reproduction 10 start timing TP arrives while outputting the connection music MI2, reproduction of the original music M02, correlated with the connection music MI2, begins
